### PERSONAL STATEMENT

I am a reliable and skilled therapy assistant who enjoys being part of a hardworking team. Following 12 years in the motor trade, I had a complete change of career – through encounters with neuro rehabilitation in sporting activities, I developed an interest in neuro rehabilitation therapy.

I have great satisfaction working with clients in the community who are high level functioning with ABI/TBI or spinal cord injury, and being part of their neuro rehabilitation journey.

### KEY SKILLS

#### Technical Skills

- Proficient manual handling
- Competent in information technologies.
- Good understanding of Engineering and Fabrication.

#### Personal Skills

- Ability to quickly build a rapport with clients, families, support and care teams.
- Efficient and punctual.
- Keen problem solver.

## CURRENT EMPLOYMENT

Company Name: Neural Pathways  
Date of Employment: March 2010 until Present

Established in 2004, Neural Pathways UK (Ltd) is an independent sector organisation specialising in the delivery of interdisciplinary rehabilitation for people with long term neurological conditions. We provide specialist therapy in the client's own home and community and within a number of residential rehabilitation centres across the north of England.

Key responsibilities:

- Assisting qualified staff in joint therapy sessions.
- Continuation of therapy programs handed over by qualified staff.
- Providing documentation of treatment carried out.
- Input in to summaries and reports.
- Monitoring client progression and reporting to therapy team.

## PERSONAL INTERESTS

Outside of work I enjoy running and have been a member of Jarrow & Hebburn Athletics Club from a young age. Preferring to spend time outdoor my chosen discipline is fell and mountain running. I'm also a keen cyclist and enjoy club rides on the weekends.

I also have a passion for motorsport and spend a lot of time with friends building cars.
